IMPOSSIBLE TO GET NEW POLLING PLACES READY

Re-Division of Charleroi Precincts will not be Effective Now.

IN READINESS FOR FALL

New Voting Places Will be Secured for the Entire Six Precincts Before Fall Election.

The primary election to be held June 4 will not be under the re-division of voting precincts of Charleroi, but will be under the old system of three voting precincts. The court made the re-divsion under the condition that there were no objections within 15 days.

It was found to be impossible to get polling places ready within the specified time for the six precincts, this fact occasioning the voting under the old system. The three precinct voting places are now located at the borough building, the old Mirror building and the Charleroi Foundry and Machine company. Under the re-division there will be voting places established in the territory north of Sixth street and east of Washington avenue; south of Sixth street, and east of Washington avenue; north of Sixth street and west of Washington avenue; south of Sixth street and west of Washington avenue; north of Sixth street and west of Crest avenue; south of Sixth street and east of Crest avenue.

Arrangements will be made for polling places before the fall election.

BAPTISTS RALLY AT MONONGAHELA

Members of Local Church Attend Affair Held Last Night.

The third group rally of valley young people's societies, of the Baptist church was held last evening at the Central Baptist church in Monongahela. A delegation was present from the Charleroi church. The speakers were Rev. C. S. Joshua of Charleroi, who spoke on "Notes from the Welsh Revival," and Rev. B. F. McGee of Wilkinsburg, who addressed on the topic, "The Power of Young People in the Government of the Community." A feature of the meeting was a singing contest, a floral prize being given to the society adjudged the winner. Riverview carried off the honors.

Brigade May Assist in Memorial Service

Will Likely go to Fayette City to Participate in Parade Memorial Day

It is likely that the Charleroi Boys Brigade will assist in the observance of Memorial Day exercises at Fayette City on Monday week. There will be a march to Mt. Auburn cemetery where the services in commemoration of the dead soldiers of the Civil War will be held.

CHILDREN MAY MARCH

Large Number of Boys and Girls Wanted in the Parade for the Fourth.

Patriotic oratory will be a strong feature at the mammoth celebration which Charleroi will have on July 4. John Mitchell, the great labor leader, is booked as the principal speaker of the day, as well as Judge J. F. Taylor of the Washington county court. The speaking will take place in "the Pines," on the hill, where a speaker's stand will be erected. Congressman J.K.Tener will introduce John Mitchell, and it has been suggested that the Elks' chorus and the Turn Verein singing branch be invited to sing some patriotic songs. This part of the program will take place at the finish of the parade which will start at 9 o'clock in the morning and will last about one hour.

Chief Marshall John Majors has made the request that all who want to take part in the parade will report to him on or before July 2, as he expects to appoint two aids for each diversion. The parade will form on McKean avenue at First street, using the side streets to form different divisions. All lodges and orders are asked to turn out as well as all fire companies along the river. The coal miners are especially invited to take part in the parade and make an effort to meet and hear John Mitchell. It has been suggested that the boys and girls of the town all march on that day, each one to carry an American flag. This could be done if one or two citizens from each precinct would volunteer to have the chilrden from that district turn out, and Mr. Majors will be glad to have the names of all who are interested enough in the day's success to help him get the boys and girls in line on that date.

The parade and speaking will take up the entire morning. The sports will start at 1 o'clock, consisting of racing, bull wrestling, air ship flight or balloon race and base ball.

If the committee on sports finds it impossble to secure an airship for the Fourth, they have contracts from a firm that will send two large balloons and two operators who will race in the air, which is something entirely new and said to be very exciting. Both balloons are let go at the same time and the man going the greatest distance in the air receives the largest salary.

The committees are receiving letters from all over the country asking for concessions for the day, but they want to give the home people the first chance for any and all privileges to be let, so if there is any one in town that wants a stand on the street for that date, it would be well for them to see those having it in charge at once.

The fire works will be at night on the river, which will no doubt hold the people here to see the display. Three of the best bands to be had along the river have been engaged and will give a band concert at night. Everything now points to the biggest day's entertainment ever given in this valley, and from the way the various committees are working it will be a grand success. If the weather does not interefere Charleroi will have the largest crowd of people the town has ever had. Everybody should start now to boost the town and invite everybody to come here to celebrate on the Fourth and then give them such a big time they will be glad to call again.

It is understood that the council has invited the councils of each town along the river to come here in a body and that Burgess Risbeck will entertain the burgesses from each town. Its hoped that each merchant will invite a mercannt friend from some other town and help out the advertising committee. This will start the people to talking about the big day in Charleroi.

PROCRAM INTERFERED WITH BY THE WEATHER

School Children's Picnic Success, However, Seventh Grade Girl Wins Spelling Contest.

Misty rain, which continued except at rare intervals during the entire day, and ended in a down pour in the evening, prevented the usual supreme enjoyment of the school children's picnic at Eldora Park yesterday. The rain which started early in the morning by afternoon had the park soggy and the grass wet, and greatly interfered with the plans for a good day, but the children were provided for and everything being considered they had a good time.

It was necessary to call off the races which were to have been held during the afternoon, on account of the soggy track and arrangements were made by the sports committee of which J. D. Berryman was chairman for holding the various events at the baseball park here on Tuesday afternoon, beginning at 4:30 o'clock.

The spelling contest was held at the dancing pavilion, Miss Etta Work being in charge. For this a medal was the prize. Miss Sarah Shaw of the seventh grade, Fifth street building, was the winner.

The children were provided with free tickets for amusements and despite the weather made good use of them. The roller coaster and the merry-go-round were made to work overtime. Refreshments were served free to the chilrden, but the people who could not find tables and seats in some of the buildings of the park had to stand up to eat their dinners.

In point of numbers, the picnic was highly successful, there being porbably one of the largest crowds resent that ever attened a children's picnic at the park before.

Louhi Band at Eldora Sunday

Good music will be a feature at Eldora Park tomorrow. The famous Louhi Band of Monessen has been engaged and two concerts will be given, one at 2 in the afternoon, and the other in the evening at 7. The park is in excellent condition now for a day of recreation in the open, and those in search of an outing will find both entertainment and quiet as their tastes may desire.

CHURCH LEAGUE TRAVELING A RAPID GAIT, ACCORDING TO LEAGUE DOPESTER

The Christians in the lead!

The Lutherans are in the cellar.

The Baptists are surprising 'em all.

The Catholics surely handed out a drubbing to the Luthreans.

The crowds are turning out in great shape.

The warm weather will make faster baseball all around.

Bert Mitchell's Washington Avenue Presbyterins are the champion rainmakers.

President Johnston is still there strong with the swat stick

The Methodist Champions have started out at a merry clip. They look good again for a high position in the race.

Several teams have played men who reside outside the prescribed boundaries.

The Luthreans suggest that each club be permitted to play one man, but not more, from outside the boundaries argeed upon. This will help all the clubs.

The Church League Commssion composed of Messrs. Johnston, McKay, Pollock and Rev. Father Fries, will hold a meeting shortly and dispose of all disputed questions.

Harmony now reigns in the League and it is to be hoped that no trouble arises.

Umpires Mathias and Byland are certainly doing good work.

Pitcher Kearns of the Baptists surely has some deceptive shoots up his sleeve.

It is said that no new players will be permited to participate after May 30th. The commission will take up this question at their coming meeting.

Capt. Billy Kuhn is playing a great game for the Ep scopals.

The Lutherans need a good steady catcher to put their team in the runing. Grover Swaeringen who performed so well for them last season, is now working out in Ohio and he is sadly missed from Capt. Wertz's lineup.

Pitcher Keifer is performing splendidly for the Christians.

First baseman Sharkey of the Lutherans is a coming youngster.

Manager McCloskey of the Episcopals has not yet broken into the game.

The Decoration Day games will be big events and monster crowds are expected. The morning games will be called at 10 o'clock and the afternoon struggle at 3 o'clock.

The First Presbyterian lineup looks good and will make all opponents hustle before the season is over.

Catcher Mason of the Baptist is a hard-woring and valuable player

Pitcher Briggs of the Episcopals twirled a clever game against the Baptists.

Kelly, Dietz and Glaser are slugging the ball for the Catholics.

Sam Todd's "grandstand voice" can be heard for miles around while "Alry" Stewart is also some "big noise!"

LIGHT OPPOSITION TO MR. TENER FOR RE-ELECTION

Charleroi Expected to Repeat Success of Two Years Ago.

CANDIDATES LINING UP

Opponent Looked After Himself Instead of Constiuents While in Legislature.

Opposition to Congressman John K. Tener will be light, not only in Washingon county, but in the entire district, announces the Washington Record, after an exhaustive investgation of the political situation in the three counties. The Record further states:

"Sc far as Washington county is concerned all the gossip centers upon Tener as the ideal candidate and the only leader the Republican party has had in many years. His popularity as a representative in the lower House was shown when he was appointed to succeed the one whom he defeated on the committee of Rivers and Aarbors. To be appointed a member of such an imortant committee during the first term of office is considered very exceptional and is more than Congressman Barchfield, Burke or Graham, of Allegheny county or any other new arrival was able to accomplish during his first term.

In addtion to securing appointments on important committees Tener with other members of the committee was able to get through an appropriation for rivers and harbors of $86,000,000 the largest single appropriation ever secured, thus, during his earliest experience, performing what the Washington county ex-boss was not able to accomplish during his entire 14 years. In addition to this magnificent appropration which was pleasing to every riverman in Pennylvania, as well as to the commercial and industrial institutions bordering on the rivers in other States, Tener is securing for his own district large appropriations for postoffice buildings and sites. And he is not overlooking a single opportunity on takng cure of his district as well as each constituent who can be benefited by his influence and his position. He has been influential in bringing about wage adjustments for the miners in the district and has met with the manufacurers as well as the coal operators in matters in connection with the employes in whose affairs he has beeninterested through solicitation.

"Three is no instance on record where his previous opponent ever interceded in any way, shape or form for his constituent unless there was some personal gain in the matter. As for his present opponent the only record that can be produced of him is that wherein he represented his county in the Legislature. A glance over his efforts as a statesman there indicates nothing more than that he dodged at every opportunity, thereby lacking the courage of his convictions to stand up and go on record against obnoxious legislation. From every section traversed nothing can be found about Kennedy save his incompetency."

Fine Window Display.

McDermott's Creamery Products company, located on Fifth street, have a "picnic" window display, which is attracting much attention. An ideal park with a lake in the center is shown.

Ice cream put up in brick form makes one of the nicest ways of serving. Try Wagner's, all flavors. 217tf

SERMON TO GRADUATES

Rev. Chalmers E. Frontz will Preach Baccalaureate Sunday Evening.

The baccalaureate sermon to the High School graduating class will be preached at Christ Lutheran church Sunday evening by the pastor, Rev. Chalmers E. Frontz. The class is expected to attend in a body, together with Superintenent James G. Pentz of the Charleroi school and the three high school teachers, Principal J. R. Huston, Prof. Cheeseman, and Miss Mary Walters. Rev. Frontz will preach on the topic, "Grateful Acknowledgement of the Ages," and the male choir of the church will furnish special music, under the direction of Prof. I. T. Daniel. The service will begin at 7:30 o'clock. Some of the churches will dismiss services for the occasion.

WOMAN IS CAPTURED IN FAYETTE COUNTY

Female Charged with Horse Stealing is Arrested Near Waltersburg.

Mrs. Kettle, alias Amanda Smith, colored, was arrested near Waltersburg yesterday by Constable Samuel Cox of Bentleyville on a charge of horse stealing from the livery of J. B. Richardson of Bentleyville. The woman was taken to West Brownsville, where she was given a hearing before Justice Eckles and held for court, being taken to Washington later. The woman after taking the horse and buggy on Monday, it is said, drove across the country to the home of Joseph Smith, a respectable colored resident near Waltersburg. Smith had heard of the theft, and he put the horse and buggy under lock and key, and sent word to Mr. Richardson. Yesterday morning the latter with Constable Cox and three others went to the place, but the Smith woman had skipped. She was tracked to a nearby woods, and finally captured. She put up a stiff fight.

Congress Not To Blame.

Those who assert that a remedy for the high cost of living lies with Congress, and that laws could be passed regulating prices and the conduct of trade so that the one who buys and the one who sells will each be satisfied, are making statements which any one of sound sense knows it is impossible to carry out. The law of supply and demand governs now just as surely as it did when more people were farmers and living was cheap. At the present time two-thirds of the population of the country are farmers. Not so many years ago the percentage was much greater. Now people are leaving the farms to become wage earners and consumers. With shorter hours and higher prices for labor, the farmer's product is increasing in price well as the manufacturer's.

Any law that would regulate the price of food must also regulate the price of labor. In the early days when living was cheap wages were low and opportunities for labor scare. Now with wages high and labor in demand, living is high. The difference between desire and attainment is not materially changed.

ELECTRIC SPARKS

It makes such a nice picnic day when it rains. That's why it pours.

CHARLES UMBLE

A. H. ANDERSON

AN APPRECIATION

Those persons who keep in touch with political history in its making will readily recall the fact that four years ago, when the office of State Senate was to be filled in the 46th senatorial district, A. H. Anderson of Peters Township, received an overwhelming majority in his native county, Washington. It is not a difficult feat for the memory to recall that under the conferee system then in vogue, there was a dead lock for some time in the matter of a choice between Mr. Anderson and the Greene county nominee, which finally resulted in the selection of the latter as the candidate of the Republican party.

Mr. Anderson was disappointed, to be sure. He had made a hard canvass of the district; he had put forth every honest effort in his power to secure the nomination; he had received a heavy vote in his own county, yet lost the fruits of it all through the decision of the umpire chosen by the Republican state committee. Mr. Anderson did not sulk, however, but bent his energies in the direction of the success of the nominee and the entire party ticket at the election in the fall and urged his friends to help him in his loyal support of those who had been chosen as the pepie's standard bearers.

The Washington Journal, in its issue of September 27, 1906 has the following editorial comment in the situation:
"Of course, Anderson will support the ticket. He is too game a fighter to sulk in his tent because he was defeated. He is stronger today in his party councils and higher in the esteem of his fellow workers in the ranks than ever before. The loyalty of his support and the openly expressed regrets at his defeat are something unusual in party history and should be received by him as high compliments loyally bestowed.

"If any misguided politician imagines that such a victory as that of last Monday can check the rise of Anderson he has reckoned without his host. His friends cling closer to him in defeat than they did in the prospect of victory and his triumphant nomination and election at some future day is a foregone conclusion."

Following the choie of the Greene county nominee, the Washington Observer, under date of Tuesday, September 25, 1906 had the following words of praise for Mr. Anderson and his attitude in its editorial columns:

"The conferees of the Republican party of the 46th district were unable to nominate a candidate for state senate, the decision being made by the referee selected by the Republican chairman. The result of this rule was the nomination of Hon. D. S. Walton of Greene county.

"A. H. Anderson, who was the choice of the Republicans of this county, and who was favored by the Observer and the Washington county Republicans, not only because of his qualifications for the place, but on account of having been nominated by the free choice of the Republican electors by a very large majority, accepts his defeat graciously. He made a splendid fight and rallied to his support a host of Republicans who worked enthusiastically for his nomination. Mr. Anderson comes out of the contest with flying colors, though defeated. He is young. He has a future before him. THE FUTURE HAS NOT BEEN INJURED BY THE PRESENT RESULT. IT HAS BEEN HELPED, AND HE MAY BE EXPECTED TO BE A FACTOR IN THE REPUBLICAN PARTY. TRUE TO HIS IDEAS OF REPUBLICANISM, HE IS FOR THE TICKET AND HE WILL BE FOUND WORKING FOR WALTON JUST THE SAME AS IF HE HAD BEEN CHOSEN HIMSELF. HE IS A REPUBLICAN AND BELIEVES THAT REPUBLICAN PRINCIPALS ARE MORE IMPORTANT THAN OFFICE"

And Mr. Anderson was FOR THE TICEKT—He worked for it, helped it, stood by it, because he was a Republican and believed that Republican principles were more important than office.

He has always been a Republican. He has not followed after strange fancies in politics. He was not identified with the Citizens party; he was not part and parcel of the Lincoln party, those two organizations that tried to defeat two Republican tickets in this county. He did not sit on the stage of the Washington opera house and vigorously applaud the words of Lewis Emery when he attacked the party and its nominee for Governor, the Hon. Edwin S. Stuart.

And Mr. Anderson did become a factor in the Republican party of Washington county. As its chairman he guided the party through a troublous year to success. He has given unsparingly of time and labor to its advancement and its victories over those who would encompass its defeat for the purpose of attaining selfish ends.

The Republicans of the 46th district believe in fair pay—THEY STAND FOR LOYALTY AND POLITCAL HONESTY. They know how Anderson has stood on all matters affecting the party. He has been four square.

Another primary is near at hand. Mr. Anderson is again a candidate for nomination for the office of state senate. His record is before the voters. The clean pages of his life are spead forth to the gaze of men. As a REPUBLICAN NOW AND ALWAYS he faces the voters of the district and asks them to grant him their support.

The Prisoner's Retort.

It is a prison chaplain's duty to give a departing prisoner good advice and to exhort him to be a decent and honorable man in the future. In the course of one of these interviews a chaplain said, "Now, my friend, I hope you'll never have to come back to a place like this."

The prisoner looked at him thoughtfully and then asked, "I say, chaplain, you draw a salary here, don't you?" When the chaplain replied in the affirmative the prisoner remarked, "Well, say, if me and the other fellows didn't keep coming back you'd be out of a job."

A Limited Luxury.

Two Irishmen were discussing the phenomenon of sleep. Said one, "Oi hear as wan av thim poethry lads calls it 'bald nature's hair reshtoorer.'"

"Yis," assented the other; "shlape's a grand luxury. It's a pity a man can't kape awake long enough to inj'y it. Jist whin he's thinkin' phat a foine long shnooze he'll be hovin', begorra, it's mornin'!"—Judge.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

HIGH COST OF LIVING!

Views of T. L. Kennedy, Candidate for Congress

The cost of living has so increased within the last few years that it is now the burning question of the hour. It is the vital issue with the day laborer and the large middle class, who together constitute the great majority of the citizens of this Republic.

The Remedy Lies With Congress!

STOP speculation in the necessities of life by making it a penal offense punishable by fine and imprisonment, as is the case in France to-day, and allow the the cost to be regulated solely by the law of supply and demand. Then the producer will receive full value for that which he raises and the consumer will be required to pay only a reasonable price for that which he consumes. Sixty-eight per cent, or over 2-3 of the population of the country are farmers, or the men who produce everything we eat, yet who is heard in the present Congress when tariff, tarffic and trust laws are discussed?

The Special Interests and No Others!

We need more men in Congress who will inquire less about what the machine wants and more about what the people need.

T. L. KENNEDY.

IMPOSSIBLE TO GET NEW POLLING PLACES READY

Re-Division of Charleroi Precincts will not be Effective Now.

IN READINESS FOR FALL

New Voting Places Will be Secured for the Entire Six Precincts Before Fall Election.

The primary election to be held June 4 will not be under the re-division of voting precincts of Charleroi, but will be under the old system of three voting precincts. The court made the re-divsion under the condition that there were no objections within 15 days.

It was found to be impossible to get polling places ready within the specified time for the six precincts, this fact occasioning the voting under the old system. The three precinct voting places are now located at the borough building, the old Mirror building and the Charleroi Foundry and Machine company. Under the re-division there will be voting places established in the territory north of Sixth street and east of Washington avenue; south of Sixth street, and east of Washington avenue; north of Sixth street and west of Washington avenue; south of Sixth street and west of Washington avenue; north of Sixth street and west of Crest avenue; south of Sixth street and east of Crest avenue.

Arrangements will be made for polling places before the fall election.

Brigade May Assist in Memorial Service

Will Likely go to Fayette City to Participate in Parade Memorial Day

It is likely that the Charleroi Boys Brigade will assist in the observance of Memorial Day exercises at Fayette City on Monday week. There will be a march to Mt. Auburn cemetery where the services in commemoration of the dead soldiers of the Civil War will be held.

CHILDREN MAY MARCH

Large Number of Boys and Girls Wanted in the Parade for the Fourth.

Patriotic oratory will be a strong feature at the mammoth celebration which Charleroi will have on July 4. John Mitchell, the great labor leader, is booked as the principal speaker of the day, as well as Judge J. F. Taylor of the Washington county court. The speaking will take place in "the Pines," on the hill, where a speaker's stand will be erected. Congressman J. K. Tener will introduce John Mitchell, and it has been suggested that the Elks' chorus and the Turn Verein singing branch be invited to sing some patriotic songs. This part of the program will take place at the finish of the parade which will start at 9 o'clock in the morning and will last about one hour.

Chief Marshall John Majors has made the request that all who want to take part in the parade will report to him on or before July 2, as he expects to appoint two aids for each diversion. The parade will form on McKean avenue at First street, using the side streets to form different divisions. All lodges and orders are asked to turn out as well as all fire companies along the river. The coal miners are especially invited to take part in the parade and make an effort to meet and hear John Mitchell. It has been suggested that the boys and girls of the town all march on that day, each one to carry an American flag. This could be done if one or two citizens from each precinct would volunteer to have the children from that district turn out, and Mr. Majors will be glad to have the names of all who are interested enough in the day's success to help him get the boys and girls in line on that date.

The parade and speaking will take up the entire morning. The sports will start at 1 o'clock, consisting of racing, bull wrestling, air ship flight or balloon race and base ball.

If the committee on sports finds it impossble to secure an airship for the Fourth, they have contracts from a firm that will send two large balloons and two operators who will race in the air, which is something entirely new and said to be very exciting. Both balloons are let go at the same time and the man going the greatest distance in the air receives the largest salary.

The committees are receiving letters from all over the country asking for concessions for the day, but they want to give the home people the first chance for any and all privileges to be let, so if there is any one in town that wants a stand on the street for that date, it would be well for them to see those having it in charge at once.

The fire works will be at night on the river, which will no doubt hold the people here to see the display. Three of the best bands to be had along the river have been engaged and will give a band concert at night. Everything now points to the biggest day's entertainment ever given in this valley, and from the way the various committees are working it will be a grand success. If the weather does not interefere Charleroi will have the largest crowd of people the town has ever had. Everybody should start now to boost the town and invite everybody to come here to celebrate on the Fourth and then give them such a big time they will be glad to call again.

It is understood that the council has invited the councils of each town along the river to come here in a body and that Burgess Risbeck will entertain the burgesses from each town. Its hoped that each merchant will invite a mercahnt friend from some other town and help out the advertising committee. This will start the people to talking about the big day in Charleroi.

PROCRAM INTERFERED WITH BY THE WEATHER

School Children's Picnic Success, However, Seventh Grade Girl Wins Spelling Contest.

Misty rain, which continued except at rare intervals during the entire day, and ended in a down pour in the evening, prevented the usual supreme enjoyment of the school children's picnic at Eldora Park yesterday. The rain which started early in the morning by afternoon had the park soggy and the grass wet, and greatly interfered with the plans for a good day, but the children were provided for and everything being considered they had a good time.

It was necessary to call off the races which were to have been held during the afternoon, on account of the soggy track and arrangements were made by the sports committee of which J. D. Berryman was chairman for holding the various events at the baseball park here on Tuesday afternoon, beginning at 4:30 o'clock.

The spelling contest was held at the dancing pavilion, Miss Etta Work being in charge. For this a medal was the prize. Miss Sarah Shaw of the seventh grade, Fifth street building, was the winner.

The children were provided with free tickets for amusements and despite the weather made good use of them. The roller coaster and the merry-go-round were made to work overtime. Refreshments were served free to the chilrden, but the people who could not find tables and seats in some of the buildings of the park had to stand up to eat their dinners.

In point of numbers, the picnic was highly successful, there being porbably one of the largest crowds resent that ever attened a children's picnic at the park before.

Louhi Band at Eldora Sunday

Good music will be a feature at Eldora Park tomorrow. The famous Louhi Band of Monessen has been engaged and two concerts will be given, one at 2 in the afternooon, and the other in the evening at 7. The park is in excellent condition now for a day of recreation in the open, and those in search of an outing will find both entertainment and quiet as their tastes may desire.

CHURCH LEAGUE TRAVELING A RAPID GAIT, ACCORDING TO LEACUE DOPESTER

The Christians in the lead!

The Lutherans are in the cellar.

The Baptists are surprising 'em all.

The Catholics surely handed out a drubbing to the Luthreans.

The crowds are turning out in great shape.

The warm weather will make faster baseball all around.

Bert Mitchell's Washington Avenue Presbyterins are the champion rainmakers.

President Johnston is still there strong with the swat stick

The Methodist Champions have started out at a merry clip. Tney look good again for a high position in the race.

Several teams have played men who reside outside the prescribed boundaries.

The Luthreans suggest that each club be permitted to play one man, but not more, from outside the boundaries argeed upon. This will help all the clubs.

The Church League Commssion composed of Messrs. Johnston, McKay, Pollock and Rev. Father Fries, will hold a meeting shortly and dispose of all disputed questions.

Harmony now reigns in the League and it is to be hoped that no trouble arises.

Umpires Mathias and Byland are certainly doing good work.

Pitcher Kearns of the Baptists surely has some deceptive shoots up his sleeve.

It is said that no new players will be permited to participate after May 30th. The commission will take up this question at their coming meeting.

Capt. Billy Kuhn is playing a great game for the Ep scopals.

The Lutherans need a good steady catcher to put their team in the runing. Grover Swaeringen who performed so well for them last season, is now working out in Ohio and he is sadly missed from Capt. Wertz's lineup.

Pitcher Keifer is performing splendidly for the Christians.

First baseman Sharkey of the Lutherans is a coming youngster.

Manager McCloskey of the Episcopals has not yet broken into the game.

The Decoration Day games will be big events and monster crowds are expected. The morning games will be called at 10 o'clock and the afternoon struggle at 3 o'clock.

The First Presbyterian lineup looks good and will make all opponents hustle before the season is over.

Catcher Mason of the Baptist is a hard-woring and valuable player

Pitcher Briggs of the Episcopals twirled a clever game against the Baptists.

Kelly, Dietz and Glaser are slugging the ball for the Catholics.

Sam Todd's "grandstand voice" can be heard for miles around while "Alxy" Stewart is also some "big noise!"

LIGHT OPPOSITION TO MR. TENER FOR RE-ELECTION

Charleroi Expected to Repeat Success of Two Years Ago

CANDIDATES LINING UP

Opponent Looked After Himself Instead of Constiuents While in Legislature.

Opposition to Congressman John K. Tener will be light, not only in Washingon county, but in the entire district, announces the Washington Record, after an exhaustive investgation of the political situation in the three counties. The Record further states:

"So far as Washington county is concerned all the gossip centers upon Tener as the ideal candidate and the only leader the Republican party has had in many years. His popularity as a representative in the lower House was shown when he was appointed to succeed the one whom be defeated on the committee of Rivers and Aarbors. To be appointed a member of such an imortant committee during the first term of office is considered very exceptional and is more than Congressman Barchfield, Burke or Graham, of Allegheny county or any other new arrival was able to accomplish during his first term.

In addtion to securing appointments on important committees Tener with other members of the committee was able to get through an appropriation for rivers and harbors of $86,000,000 the largest single appropriation ever secured, thus, during his earliest experience, performing what the Washington county ex-boss was not able to accomplish during his entire 14 years. In addition to this magnificent appropration which was pleasing to every riverman in Pennylvania, as well as to the commercial and industrial institutions bordering on the rivers in other States, Tener is securing for his own district large appropriations for postoffice buildings and sites. And he is not overlooking a single opportunity on takng care of his district as well as each constituent who can be benefited by his influence and his position. He has been influential in bringing about wage adjustments for the miners in the district and has met with the manufacurers as well as the coal operators in matters in connection with the employes in whose affairs he has beeninterested through solicitation.

"Three is no instance on record where his previous opponent ever interceded in any way, shape or form for his constituent unless there was some personal gain in the matter. As for his present opponent the only record that can be produced of him is that wherein he represented his county in the Legislature. A glance over his efforts as a statesman there indicates nothing more than that he dodged at every opportunity, thereby lacking the courage of his convictions to stand up and go on record against obnoxious legislation. From every section traversed nothing can be found about Kennedy save his incompetency."

Fine Window Display.

McDermott's Creamery Products company, located on Fifth street, have a "picnic" window display, which is attracting much attention. An ideal park with a lake in the center is shown.

Ice cream put up in brick form makes one of the nicest ways of serving. Try Wagner's, all flavors. 217tf

Memorial Services for King Edward

St Mary's Epiacopal Congregation will Specially Honor Late Ruler.

Corner Sixth street and Lookout avenue. Trinity Sunday. Holy communion at 8 a. m. Sunday school and Bible classes at 9:45. Memoriaal service and address on the life and character of the King Edward VII of England. The church will be appropriately draped in honor of the dead king, with music of a fitting character. SERMON TO GRADUATES

Rev. Chalmers E. Frontz will Preach Baccalaureate Sunday Evening.

The baccalaureate sermon to the High School graduating class will be preached at Christ Lutheran church Sunday evening by the pastor, Rev. Chalmers E. Frontz. The class is expected to attend in a body, together with Superintenent James G. Pentz of the Charleroi school and the three high school teachers, Principal J. R. Huston, Prof. Cheeseman, and Miss Mary Walters. Rev. Frontz will preach on the topic, "Grateful Acknowledgement of the Ages," and the male choir of the church will furnish special music, under the direction of Prof. I. T. Daniel. The service will begin at 7:30 o'clock. Some of the churches will dismiss services for the occasion.

WOMAN IS CAPTURED IN FAYETTE COUNTY

Female Charged with Horse Stealing is Arrested Near Waltersburg.

Mrs. Kettle, alias Amanda Smith, colored, was arrested near Waltersburg yesterday by Constable Samuel Cox of Bentleyville on a charge of horse stealing from the livery of J. B. Richardson of Bentleyville. The woman was taken to West Brownsville, where she was given a hearing before Justice Eckles and held for court, being taken to Washington later. The woman after taking the horse and buggy on Monday, it is said, drove across the country to the home of Joseph Smith, a respectable colored resident near Waltersburg. Smith had heard of the theft, and he put the horse and buggy under lock and key, and sent word to Mr. Richardson. Yesterday morning the latter with Constable Cox and three others went to the place, but the Smith woman had skipped. She was tracked to a nearby woods, and finally captured. She put up a stiff fight.

Congress Not To Blame.

Those who assert that a remedy for the high cost of living lies with Congress, and that laws could be passed regulating prices and the conduct of trade so that the one who buys and the one who sells will each be satisfied, are making statements which any one of sound sense knows it is impossible to carry out. The law of supply and demand governs now just as surely as it did when more people were farmers and living was cheap. At the present time two-thirds of the population of the country are farmers. Not so many years ago the percentage was much greater. Now people are leaving the farms to become wage earners and consumers. With shorter hours and higher prices for labor, the farmer's product is increasing in price well as the manufacturer's.

Anyone that would regulate the price of food must also regulate the price of labor. In the early days when living was cheap wages were low and opportunities for labor scare. Now with wages high and labor in demand, living is high. The difference between desire and attainment is not materially changed.

ELECTRIC SPARKS

It makes such a nice picnic day when it rains. That's why it pours.

Monessen is green and glad of it It got stung the other day by a woman with an affableness that was surpising, and gloats over the fact that the "snipe hunters" of Charleroi has nothing on it.

And now the astronomers are questioning when the comet has passed the earth or not. We know a prominent clubmen that has seen it pass at least fifteen times, and come back again.

The shaft of light seen the other night was not Halley's comet. It was only Abe Lewis lighting up for a quiet smoke.

The King and Kaiser met in London and kissed each each other. Where are the physicians to protest against this osculatory performance as disease breeding?

Notice to Contractors.

Sealed proposals will be received by the County Controller until 12 o'clock noon Monday, June 6th, 1910, for the construction and erection of a standard wooden derrick or a standard steel derrick complete on the County Home Farm near Arden for the purpose of drilling a drop well, 2500 feet more or less. Bids will also be received for the with and without casing being furnished by the contractor, also the drawing of casing in case of dry well. Contracts and specifications will be furnished bidders by the County Commissioners. A certified check in the sum of $200 00 must accompany each bid on the Derrick and a certified check in the sum of $300 00 must accompany each bid for the drilling of the well.

The right is reserved to reject any or all bids.

OVERTAXED

Hundreds of Charleroi Readers Know what it Means.

The kidneys are over-taxed;
Have too much to do.
They tell about it in many aches and pains—
Backche, sideache, headache,
Early symptoms of kidney ills.
Urinary troubles, diabetes. Bright's disease follow.
A Charleroi citzen tells here the way to keep the kidneys well.
M. Miller, 210 Second street, Charleroi, Pa., says: "While living in Marion, Ind., I used Doan's Kidney Pills and in return for the great benefit I received, I recommend them highly. My principal trouble was backache, but I was also annoyed by headaches and dizzy spells and difficulty with the kidney secretions. Doans' Kidney Pills helped me at once and I also know of other persons who have used them with good results."

A. H. ANDERSON

AN APPRECIATION

Those persons who keep in touch with political history in its making will readily recall the fact that four years ago, when the office of State Senate was to be filled in the 46th senatorial district, A. H. Anderson of Peters Township, received an overwhelming majority in his native county, Washington. It is not a difficult feat for the memory to recall that under the conferee system then in vogue, there was a dead lock for some time in the matter of a choice between Mr. Anderson and the Greene county nominee, which finally resulted in the selection of the latter as the candidate of the Republican party.

Mr. Anderson was disappointed, to be sure. He had made a hard canvass of the district; he had put forth every honest effort in his power to secure the nomination, he had received a heavy vote in his own county, yet lost the fruits of it all through the decision of the umpire chosen by the Republican state committee. Mr. Anderson did not sulk, however, but bent his energies in the direction of the success of the nominee and the entire party ticket at the election in the fall and urged his friends to help him in his loyal support of those who had been chosen as the peple's standard bearers.

The Washington Journal, in its issue of September 27, 1906 has the following editorial comment in the situation:

"Of course, Anderson will support the ticket. He is too game a fighter to sulk in his tent because he was defeated. He is stronger today in his party councils and higher in the esteem of his fellow workers in the ranks than ever before. The loyalty of his support and the openly expressed regrets at his defeat are something unusual in party history and should be received by him as high compliments loyally bestowed.

"If any misguided politician imagines that such a victory as that of last Monday can check the rise of Anderson he has reckoned without his host. His friends cling closer to him in defeat than they did in the prospect of victory and his triumphant nomination and election at some future day is a foregone conclusion."

Following the choie of the Greene county nominee, the Washington Observer, under date of Tuesday, September 25, 1906 had the following words of praise for Mr. Anderson and his attitude in its editorial columns:

"The conferees of the Republican party of the 46th district were unable to nominate a candidate for state senate, the decision being made by the referee selected by the Republican chairman. The result of this rule was the nomination of Hon. D. S. Walton of Greene county.

"A. H. Anderson, who was the choice of the Republicans of this county, and who was favored by the Observer and the Washington county Republicans, not only because of his qualifications for the place, but on account of having been nominated by the free choice of the Republican electors by a very large majority, accepts his defeat graciously. He made a splendid fight and rallied to his support a host of Republicans who worked enthusiastically for his nomination. Mr. Anderson comes out of the contest with flying colors, though defeated. He is young. He has a future before him. THE FUTURE HAS NOT BEEN INJURED BY THE PRESENT RESULT. IT HAS BEEN HELPED, AND HE MAY BE EXPECTED TO BE A FACTOR IN THE REPUBLICAN PARTY. TRUE TO HIS IDEAS OF REPUBLICANISM, HE IS FOR THE TICKET AND HE WILL BE FOUND WORKING FOR WALTON JUST THE SAME AS IF HE HAD BEEN CHOSEN HIMSELF. HE IS A REPUBLICAN AND BELIEVES THAT REPUBLICAN PRINCIPALS ARE MORE IMPORTANT THAN OFFICE"

And Mr. Anderson was FOR THE TICEKT—He worked for it, helped it, stood by it, because he was a Republican and believed that Republican principles were more important than office.

He has always been a Republican. He has not followed after strange fancies in politics. He was not identified with the Citizens party; he was not part and parcel of the Lincoln party, those two organizations that tried to defeat two Republican tickets in this county. He did not sit on the stage of the Washington opera house and vigorously applaud the words of Lewis Emery when he attacked the party and its nominee for Governor, the Hon. Edwin S. Stuart.

And Mr. Anderson did become a factor in the Republican party of Washington county. As its chairman he guided the party through a troublous year to success. He has given unsparingly of time and labor to its advancement and its victories over those who would encompass its defeat for the purpose of attaining selfish ends.

The Republicans of the 46th district believe in fair pay—THEY STAND FOR LOYALTY AND POLITCAL HONESTY. They know how Anderson has stood on all matters affecting the party. He has been four square.

Another primary is near at hand. Mr. Anderson is again a candidate for nomination for the office of state senate. His record is before the voters. The clean pages of his life are spread forth to the gaze of men. As a REPUBLICAN NOW AND ALWAYS he faces the voters of the district and asks them to grant him their support.

William Feeney

The Workingman's Candidate for Assembly

Wm. Feeney, the workingman's Candidate for Assembly.

A Miner, broad minded enough to represent the interests of the people.

Wm. Feeney stands squarely on the platform adopted by the New Castle Convention.

Wm. Feeney can represent the interests of the Workingman because he is is one of them NOW.

Wm. Feeney believes there is nothing too good for the children of the people, and for that reason believes in a most liberal and honest expenditure of state funds for school purposes, and a better High School System for all the school districts, county as well as city.

Wm. Feeney is progressive, believes in good Roads, and in paying a salary to county officers and abolishing the Fee System.

Wm. Feeney is a man of character. Vote for him; he will represent you honestly.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

HIGH COST OF LIVING!

Views of T. L. Kennedy, Candidate for Congress

The cost of living has so increased within the last few years that it is now the burning question of the hour It is the vital issue with the day laborer and the large middle class, who together constitute the great majority of the citizens of this Republic

The Remedy Lies With Congress!

STOP speculation in the necessities of life by making it a penal offense punishable by fine and imprisonment, as is the case in France to-day, and allow the the cost to be regulated solely by the law of supply and demand Then the producer will receive full value for that which he raises and the consumer will be required to pay only a reasonable price for that which he consumes. Sixty-eight per cent, or over 2-3 of the population of the country are farmers, or the men who produce everything we eat, yet who is heard in the present Congress when tariff, tarffic and trust laws are discussed?

The Special Interests and No Others!

We need more men in Congress who will inquire less about what the machine wants and more about what the people need.

T. L. KENNEDY.
